Information about Christmas traffic in 2025

Below is the last loading day to guarantee delivery before Christmas for B2B deliveries.

The goods must be at LGT's terminal no later than 08:00 in the morning on the dates below. For goods that arrive later, but need to be delivered outside the timetable days, contact us and we will do our utmost to make the delivery before Christmas. In the intervening days, traffic is reduced, for further questions please contact the respective vehicle department.

Sweden Domestic

As in every other year, we load and unload in full according to the timetable up to and including unloading on December 23 for goods that are sent in according to the current timetable. However, no later than 11/12 to reach all of Sweden.
