LGT overtager aktiviteterne i Arling Int. Møbeltransport

LGT's markedsposition på de centraleuropæiske markeder styrkes betydeligt

Med effekt pr. 1. september 2021 overtager LGT Logistics A/S i Horsens aktiviteterne i Arling Int. Møbeltransport.

Arling har cirka 40 medarbejdere i Danmark og i Tyskland og opererer primært på Kontinentet og UK. Virksomheden har i mere end 30 år udelukkende beskæftiget sig med møbeltransport.

Og med overflytning af Arling's aktiviteter og kunder til LGT, styrkes LGT Logistics position på de centraleuropæiske markeder for møbeldistribution betydeligt.

Både Morten og Anders Arling sikres betydelige roller i det fremtidige set up, hvor alle trafikker styres og planlægges fra LGT's logistikcenter i Horsens, mens terminalen i Haderslev frem til årsskiftet forbliver en del af det operationelle beredskab.

Med dette vigtige strategiske tiltag, ser vi hos LGT frem til at fortsætte vores målrettede indsats som transportbranchens specialist for møbellogistik serviceydelser – i Norden og til resten af Europa.

Med venlig hilsen

LGT takes over all activities in Arling Int. Møbeltransport

LGT's market position in the Central European markets will be significantly strengthened

As per the 1st of September 2021 LGT Logistics A/S takes over all activities in Arling Int. Møbeltransport. Arling has approx. 40 employees in Denmark and in Germany and is mainly operating on the Continent and the UK.

The company has for more than 30 years been a highly respected furniture transport specialist.

And with the implementation of Arling's activities and customers in LGT, our market position will be significantly strengthened - especially in the Central European market for distribution of furniture.

Both Morten and Anders Arling will have important roles in the future set up, where all traffics are controlled from LGT's logistic center in Horsens. The present Arling warehouse in Haderslev will be kept operational for the rest of the year.

With this strategic initiative, we at LGT in Horsens are looking forward to continuing our focused effort as THE specialist for furniture logistics service – in the Nordics and in the rest of Europe.
