

Dear customer,

Horsens, May 2019

Thank you for the good cooperation in the first half of 2019. It is soon time for vacation, which means that we are going to plan transport relating to the summer holiday.

LGT has for the summer 2019 the following general statement:

### **Denmark Sweden and Finland**

Standard operation all summer with minimum one weekly delivery to all area-codes.

### **Norway**

Standard operation all summer with minimum one weekly delivery.

However, in week 30/31 there will be limited service in Norway north of Trondheim and in remote areas.

### **Germany, Benelux, Austria, Switzerland and Great Britain / Ireland**

Standard operation all summer with minimum one weekly departure to all destinations.

### **France**

In week 32, 33 and 34 our local French distribution-system is closed due to holiday. LGT will in these weeks maintain our direct distribution-traffic to the large furniture chain-stores. Please keep a close contact to our French-department in the end of July first of August to be aware of which of your consignments that will be affected by the holiday-delays.

### **Italy and Spain / Portugal**

In week 32, 33 and 34 our local distribution-system in Italy, Spain and Portugal is closed due to holiday.

By agreement there will off course be possibility of direct deliveries of larger consignments.

Please keep a close contact to our Italian- and Spanish/Portuguese-department in the end of July first of August to be aware of which of your consignments that will be affected by the holiday-delays.

LGT is open all summer and all traffic-departments are staffed. It is our intention that we will offer our customers concrete solutions as required on the South-Europe markets in the weeks where our agents are closed due to their main-summer holiday. (see above specification)

Please keep close contact to our forwarders and traffic managers in the end of July so we all can make sure that we will get through the summer with the least possible inconveniences regarding the expectations of the customers concerning safe transport. Here you will find the relevant phone numbers and mail addresses of our staff:
